

Florida Community College System

Florida's 28 community colleges are open to everyone and offer GED training, adult basic education, as well as certificate, associate, and bachelor's degree programs. Certificate and degree programs offered at the community colleges range from auto mechanics to nursing to the Associate in Arts degree, which guarantees transfer to a state university. Many community colleges are now offering bachelor's degrees as well.

- See your counselor & Career Specialist
- Begin scholarship search NOW
- Complete financial aid applications beginning Jan. 1
- Community College applications are submitted in Spring of your Senior year
