

Good evening, this is Cpl. Hughes and I have some important safety reminders to review with you. It is against Florida Statute to merge into the turning lane while in the safety zone.

This is a moving violation that carries a \$164 fine and 3 points on the driver's license. In addition, it creates a safety hazard for everyone in the line.

Please allow yourself adequate time each morning and do not merge into the line. In addition, please remember that student drop off is at the end of the student parking lot closest to the gym. We have parents dropping off students near the band room and this creates a backup in the line.

Bulls, Homecoming week begins tomorrow. The theme for each day is posted on our school website. We encourage our students to participate but please remember that everyone still needs to remain within the school dress code.

The WRHS SADD club is once again sponsoring our Fall Festival on Friday night before the 7:30pm Homecoming football game. The festival begins at 5 pm on the softball field. There will be food prepared by Chef Blythe and his culinary students that will be available for purchase as well as many games and activities. This is a great family friendly event.

Our Homecoming dance will be held on Saturday, October 1st from 7-11 pm. Tickets are \$20 each and can be purchased in the cafeteria during all lunches.

We are looking forward to a school spirit filled Homecoming week and to seeing our students and families on Friday for the Fall Festival and football game.

Thank you and have a good evening.
