

SVC – School Concerns Update

Cafeteria Concerns

- The USDA (United States Department of Agriculture) regulates meals. An approved high school meal includes 1 entrée, 2 vegetables, 2 fruits, milk and juice. Most students do not take everything they could potentially take for lunch.
- If you get food that is raw or stale (from the machine), please alert the cafeteria manager and your food will be swapped out.
- Want to know what is on the menu? Download the Meal viewer To Go from the app store (It's free). This app will tell you what is being served and includes nutritional information.
- Additional microwaves were placed in the cafeteria for your use. If you make a mess in one of them, do the right thing and clean it up.

Pep Rallies/Spirit Events

- An increase in the number of pep rallies has been implemented in order to have at least one per sporting season.
- Dances, movie nights, etc. can be organized by club sponsors. Remember that these will only happen if there is good attendance.

Restrooms

- There has been a concerted effort to improve the bathroom cleanliness and to make sure they have supplies at all times. If you have concerns, please report it to an administrator immediately.
- Mirrors have been placed in the portable restrooms for your use.
- An attempt to dress up the restrooms will be happening in the near future.
- We are currently looking into placing metal strips to cover the cracks in the restroom stalls. This project is on-going.

Announcements

Announcements are made each morning at 7:25 am. These announcements are also posted on the Newspaper twitter site(@WRHSStampede). In addition, all important events are found on the school website as well as announced on the school Facebook and Twitter (@WiregrassRanchH) accounts. *Put addresses

Administration Availability

Administrators can be seen in the cafeteria each day during every lunch. If your grade level administrator is not in your lunch, and they are not available in their office, you can email them or slip a note under their office door. They will get back with you ASAP and no later than 24 hours later.

Traffic/Parking

As you know by now, a gate has been placed between buildings 2 and 4 and all students are asked to enter the campus by the gym. This has always been the case and through the years, more people began to drop off students at the band room. This drop-off location backs traffic up and causes students to be late. The last few weeks, traffic has been better, although not perfect, than it has been in the last 5+ years.

We appreciate your cooperation in entering the campus at the gym and hope to see continued improvement with the traffic.

This year's Project: Media Access

Non-Testing Times:

Media Center will be open daily 7:00 am - 2:30 pm

Must be "on-track" to get a pass during lunch or get a pass from your teacher to work on class assignments.

Testing Days:

Media will be closed until testing concludes.

An announcement will be made when the media center is open for business

Will be open daily 2 – 2:30 pm.

Look for updates on the website.

Ongoing Projects

- New Band Practice Field
- Water Recycling Bins
