

Welcome to Wiregrass Ranch High School!

Wiregrass Ranch High School is very proud of our A+ school grade for the last 4 consecutive years. In addition, we have been an Apple Distinguished School for the last 3 consecutive years. We continue to be committed to providing the best educational experience for all our students, in a setting that can truly be described as a 21st century high school.

Tonight we are offering many different presentations for incoming 9th grade students including courses orientation, overviews to scholarship, college and advanced coursework information. Ongoing displays will be showcased throughout the campus pertaining to the wide breadth of educational opportunities from Career & Technical Education, Fine & Performing Arts, academic and department course information and other avenues for courses outside the traditional school environment.

Also, visit our cafeteria where a host of extra-curricular information will be available related to:

Athletics
Band
Clubs
PTSA
