Academic Honor Code

As a student at **Wiregrass Ranch High School**, you have entered a community of student scholars and educators who are committed to excellence in education. Take the time to read and think about what you want your education to mean to you. It is assumed that all students will pursue their studies with integrity and honesty. This means that all work for which the student wants to receive a grade, credit or recognition will be the work of the individual student. Academic honesty is a very serious commitment to make so please do not do so lightly.

Students have the responsibility (1) to uphold the highest standards of **academic integrity** in the student's own work, (2) to refuse to tolerate violations of **academic integrity** in the school community, and (3) to foster a high sense of integrity and social responsibility on the part of your class and in the Wiregrass Ranch High School community.

Violations of the following infractions will result in severe disciplinary action by your teacher, which will include – but are not limited to – a grade of F on the assignment/test, a referral, and parental contact. The following are considered egregious infractions of the academic honor code:

I. Cheating

1. Copying, in part or in whole, from someone else's test;
2. Altering or interfering with grading;

2. Representing another's scholarly works such as written assignments or projects as your own;
3. Submitting a paper purchased from a research or term paper service, including the Internet; or
4. Undocumented Web source usage.

III. Other Specific Examples of Academic Dishonesty

1. Purposely allowing another student to copy from your paper during a test;

2. Giving your homework, written assignments or other academic work to another to plagiarize;
3. Having another person submit any work in your name;
4. Lying to a teacher to improve your grade;
5. Altering a graded work after it has been returned, then submitting the work for re-grading;
6. Stealing tests;

RESPONSIBLE ELECTRONIC USE RULES FOR STUDENTS

MIS Form #191 Rev. 2/16

I have access to the Internet, school networks, district provided electronic accounts, email, and electronic devices and other "electronic resources" so I can:

- expand my learning;
communicate with others about what I am learning;
research topics for class projects or for my personal learning;
create products highlighting my learning;
learn how to be a responsible and productive digital citizen.

Here are some things I need to know:

- Electronic devices include but are not limited to computers, netbooks, iPads, iPods, tablets, cell phones, cameras, and other electronic devices that allow me to create and communicate.
I am responsible for all my online activities that take place through the network connection with my school's devices, electronic accounts, email, or through access with my own personal electronic devices.
I am responsible for obeying all laws, including copyright. This also means I may not use the District logo or other District-owned content on my personal posts.
I do not have the right of privacy when accessing the Internet or network while at school.
Communicating electronically includes using my camera and cell phone to communicate visually.
When communicating electronically, I should ask myself: Is it safe? Is it kind? Is it respectful? Is it appropriate?
I do not have an absolute right to take, publish/post photographs or videos of others at school, as it may impact their individual rights of privacy.
Bullying or harassing someone either in person or electronically is wrong, violates the Code of Student Conduct, and is against the law.
Information I find on the Internet is not necessarily true or accurate.
There are filters to prevent access to inappropriate information, but no filter is perfect. Every user must take responsibility for his or her use of the network and internet and avoid objectionable sites, content and communication.
The District reserves the right to monitor, inspect, copy, review and store, without prior notice, information about the content and usage of internet, school networks, district issued electronic accounts, email and electronic devices. Students should have no expectation of privacy over matters sent or received through such electronic resources.
I can learn more about being a responsible digital citizen at http://www.safeflorida.net/safesurf.

Here's what I agree to do as a responsible and productive digital citizen:

- I will follow all school rules and laws when using electronic devices at school.
I will not damage equipment, upload harmful files, damage files, delete files, or access someone else's account or files because it impacts others.
I will keep my password to myself and will not share it with others.
I will not search for or try to access obscene, harmful, or inappropriate material.
If I accidentally access inappropriate materials, I will close the window and tell a responsible adult.
I will not post or send hurtful, offensive or inappropriate material.
I will behave honestly, fairly, and with integrity when posting online, including my social networks.
I will follow rules of network etiquette, and I will be polite when communicating with others electronically. I will not use bad language or access messages from others who use bad language.
I will not post or share pictures of others without their knowledge and approval.
I will stay safe and will never meet or give out personal information such as my name, phone number, or address to someone I meet on the Internet without the express permission of my parents and/or teachers.
I will discuss my online activities with my parents so they understand how I am learning to be a digital citizen.
My teachers and administrators have the right to access whatever I do online while in school if they are concerned about my safety or the safety of others.
I will not use others' work without permission or without citing their work according to copyright laws.
If I'm not sure how to do something or whether something is okay to access or do, I will ask a responsible adult.

What happens if I violate these rules and am not a responsible digital citizen?

- Violations of these rules will result in disciplinary action according to the Student Code of Conduct.

As the parent or guardian of this student, I have read the Responsible Electronic Use Rules for Students and understand the policies and provision within.
